**Threat To Life:****Submitted Text:**

In September 2009 I was living in [REDACTED]. I went to the shop down the road. It was a Sunday and very quiet. I turned off from my street on the the main road and found myself walking behind a woman and a little girl. There was also a middle aged man with them but he was walking much further ahead. When I got up close to the girl I noticed she looked like Madeline McCann. The woman was trying to hurry her along and seemed agitated that I was there. The little girl held her hand over her right eye the whole time we were walking along. She kept on turning round to look at me. I turned off after a while. I reported it to the web sight as a sighting as I found it was odd. Didn't think about it for years till I saw the Fb post about Ghisiaine Maxwell, and the theory of her taking
